INSTALLATION TOOLS

Wall Panel

Coordinating Mouldings

Circular Saw

Tape Measure

Steam Nailer

Nail Free Glue

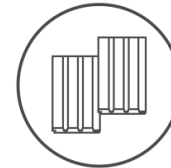

FEATURES

Eco-friendly

Waterproof

Easy to install

Anti-moth

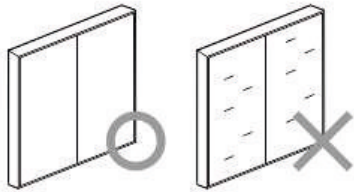

Non-formaldehyde

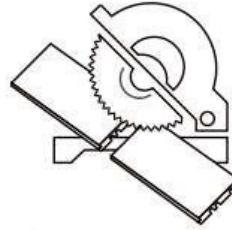

Scratch-resistant

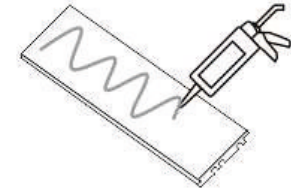

INSTALLATION

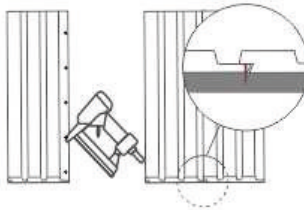

- 1** Prep-work with plaster board or plywood is recommended before the construction. Please remove wallpapers on the walls before the construction.

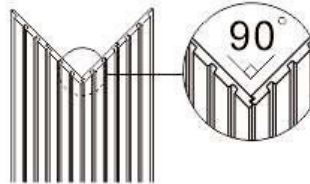

- 2** Circular saw can be used for cutting.

- 3** Apply nail free glue on the back of wall panel.

- 4** Wall panel can be installed in both horizontal and vertical direction. Apply air-tacker on the edge of the tongue to hide the pin-marks.

- 5** For corner, combine the two grooves.

- 6** Coordinating mouldings can be used for clean and nice finish.
